## Smart Dashboard Code

---

Unfortunately, the archive of the code for the Smart Dashboard was too large to upload to Ascent as an attachment. However to download the code, here is a link to the backup archive of the entire code on google drive:

If there any issues accessing and downloading the archive or if there any questions about the code, please feel free to email me at [bgonza159@calstatela.edu](mailto:bgonza159@calstatela.edu)

Thanks!
